“ Researching American Military Service
in the Revolution”

is the topic of the September meeting (rescheduled from May)
of the Dutchess County Genealogical Society

Learn how to research the military service of your ancestors from home via the Internet and databases, ordering records by mail, and other methods. Attendees will learn about: the difference between state militias and Federal troops; how to request service and pension records by mail from the National Archives; databases that include military record information (Ancestry.com, HeritageQuest, Fold3, DAR, etc.) (with examples); Internet sites that can help with research; other sources for information; and societies for descendants of soldiers.
