Beginning Genealogy with Veteran Ancestor research

As a continuation of the ongoing

Dutchess County Year of the Veteran theme.

This class will introduce basic genealogy web-based research techniques including finding and researching your veteran ancestors, with a special focus on World War I and American Revolutionary War ancestry. We will also include web sites for all the major wars.

We will have time for questions and socialization. Come out and meet your fellow ancestry sleuths! Light refreshments will be served.

New and existing members of the DCGS who pre-register for this meeting will receive a binder for class handouts with tips and sources.

The presenter will be Valerie LaRobardier, DCGS President, Town of Dover Co-Historian and professional genealogist.
